

### **INSTRUCTIONS AFTER LOCAL ANAESTHETIC**

- The anaesthetic will last approximately one to five hours.
- No eating and no drinking of hot liquids until the anaesthetic has worn off and the lip and tongue are feeling back to normal to avoid soft tissue injury (eg. lip or tongue bite.)
- Do not chew your lip while numb.
- Supervision is required for children who have had an anaesthetic to avoid the above.
- If a soft tissue injury occurs, please contact Adelaide Dental Solutions on 8244 3677
